

Hospital Auxiliary

March 10, 2020

Present: Marilyn Allbright, Karen Bruch, Anna May Oliver, Carol Kupke, Shirley Wasson, Randi Ross and Julie Dunn.

(As Carolyn was absent, minutes were recorded by Julie)

Those present were given salad luncheon tickets to sell. Carolyn will be sending out an email soon to request salads. She will also check on last year's numbers and order enough rolls through the hospital kitchen. Shirley and Phyllis have agreed to staff the ticket table. Carol will check with Arlene to see if she can be our kitchen supervisor. Randi has created promotional posters and Marilyn will be putting them up around town. The hospital report included some positive testimonials about our providers from their patients. The tub room is being remodeled in-house. New facility signage is on the way. A new company will be handling the September blood draw. All participants will need to be prepared to register with the company at the draw, as previous records are not shared between companies.

The next meeting will be Tuesday, April 14 at 5:00
