

Niobrara Community Hospital Auxiliary  
January 12, 2021

Present: Anna May Oliver, Jan Hytrek, Randi Ross, Julie Dunn and Carolyn Pflughoeft

The minutes from the November 10, 2020 meeting were approved.

**Treasurer's Report**- Julie. Randi will let the Hospital know of the funds we have available for their use this year.

**Hospital Report**-Randi updated the group on the success of transitioning unused ECF bed to inpatient beds. This allowed the facility to take in overflow patients from other facilities. The laundry room will be getting a facelift in order to accommodate the laundering of linens (previously contracted out to WWC).

**Old Business**- Both the greens sale and Lights of Love were successful this year, and the group is so grateful to its faithful patrons! Also, the new format of having customers pick up their greens at the fairgrounds went smoothly. Thank you, Julie, for streamlining the process in a year of changes!

**New Business**-When we gather for the next meeting (Feb. 9) we will be looking at the upcoming fundraisers and goal-setting for spending projects. Together, we can prioritize needs presented by the hospital and focus our fundraising efforts accordingly. We will also look at our membership list for accuracy and to see who we might call on for future involvement. Bring your enthusiasm and ideas!!

We will meet again on Tuesday, Feb. 9. Watch for the reminder email one week before, and again one day before the meeting.
