Treasurer's Report- Julie (see file)

Hospital Report-Welcome to Mr. Nick Doucette! The clinic is currently reaching out to the community to use the facility for their wellness exams, especially those under Medicare. The visitation restrictions are relaxing and the staff is looking at the addition of social activities to increase engagement among the residents. Several projects are in the works and will be funded through grant programs. However, once those grant monies are used, the Auxiliary will be able to contribute to maintaining those programs. More updates to come in 3-6 months.

New Business- The covid vaccination clinic will be held Thursday, Feb. 11, from 1-4 at the shooting sports building. Thank you to the Auxiliary members who are serving and bringing cookies (please drop them off by 1pm). While we will not be having the salad luncheon this spring, we are planning on continuing with the greens sale and the Lights of Love.

The Auxiliary is adjourning until September.
